**SPRINT COMMUNICATIONS L.P. D/B/A SPRINT COMMUNICATIONS.L.P.,
SPRINTCOM, INC., WIRELESSCO, L.P., NEXTEL WEST CORP., AND, NPCR,
INC. RESPONSE TO FIRST SET OF DATA REQUESTS OF STAFF**

COMES NOW Sprint Communications L.P. d/b/a Sprint Communications Company L.P., SprintCom, Inc., WirelessCo, L.P. through their agent Sprint Spectrum L.P., Nextel West Corp., and , NPCR, Inc., (collectively "Sprint") and pursuant to 83 Illinois Administrative Code Section 761.210(b) hereby submits the following Response to Staff's First Data Requests.

SPECIAL FILE
07-0629
AT&T Cross
4-15-08
IV

JHH 1.02

For each calendar month of the period beginning October 1, 2006, please provide the number of calls, and number of minutes of traffic subject to reciprocal compensation originated by AT&T and terminated by each complainant.

SPRINT RESPONSE:

Sprint's iDEN detailed Call Detail Records (CDRs) data is stored for only six months; as a result Sprint is only able to produce six months worth of data (messages and minutes of use related to reciprocal compensation) for the iDEN network.

Sprint's CDMA MOU data is retained for thirteen months and is provided in the attachment.

Sprint is unable at this time to capture certain calls originated by AT&T and terminated by the wireless complainants. Specifically, Sprint believes that some intraMTA calls originated by AT&T (that would be subject to reciprocal compensation), are handed off by AT&T to an interexchange carrier (IXC), and in turn the IXC delivers the call to Sprint. Sprint does not normally capture this traffic for reciprocal compensation purposes.

Sprint's CLEC data is not captured therefore Sprint is unable to produce this information.

Please see Sprint PROPRIETARY Attachment JHH 1.02 for the available iDEN and CDMA data.

RESPONDENT: Mary Ellen Hassell

TITLE: Senior Manager Telecom Management

RESPONDENT: Mary Sandoy

TITLE: Access Planning Analysis II

WITNESS: Mark G. Felton
